

**CONCORD MUNICIPAL LIGHT PLANT  
ELECTRIC RATE SCHEDULES**

RATE R-6  
RESIDENTIAL SERVICE – NET METERING W/BANKINGRATE

Mass DPU No. 373

Effective: September 1, 2013

Replaces Mass DPU No 369

The Concord Municipal Light Plant (the "**CMLP**") shall pay for energy delivered to the CMLP system from eligible, small scale generating sources including: solar, wind, and micro-turbine units which simultaneously generate electricity and recover heat.

**Availability**

This rate schedule is available throughout the entire territory served by the CMLP Electric System (the "**CMLP System**").

**Applicability**

This rate schedule is applicable to all small-scale generation facilities with a net output of less than forty (40) kilowatts of alternating current capacity as determined by CMLP.

This rate schedule is only available for residential service.

**Character of Service**

Service under this rate schedule shall be alternating current (AC), 60 Hertz, single phase. Service under this rate will require a meter that measures interval energy flow to and from the customer and CMLP.

**Monthly Rate**

Meter Charge (Single Phase)	\$ 8.05 per month
Meter Charge (Three Phase)	\$24.15 per month
Energy Rate;	
First 1,400 kWhs	\$0.14327 per kWh
Next 800 kWhs	\$0.15678 per kWh
All in excess of 2,200 kWhs	\$0.17029 per kWh

The above rate per kWh will be adjusted only for net purchases from CMLP plus or minus in accordance with the formulae specified in the Purchased Power Cost Adjustment Clause, the Conservation and Renewable Energy Services Clause, the Underground Utilities Charge Clause and the NYPA Power Cost Adjustment Clause. The amount computed at the Monthly Rate shall be subject to taxes, assessments or surcharges imposed by any governmental authority which is assessed on the basis of revenues from electric service or volumes of electricity purchased or sold by the CMLP.

Energy generated by the Customer under this rate will be netted against the energy normally purchased under Rate R-1 and Rate R-2 from CMLP during the monthly billing period to the extent the generated energy does not exceed Customer purchases from CMLP. To the extent the generated energy exceeds the above purchases from CMLP during the billing period; CMLP will credit the Customer as follows: The credit for excess energy shall be determined by the avoided average monthly Day Ahead locational marginal price (DA-LMP) per kilowatt-hour applicable to Concord for wholesale power purchased from the ISO – New England. The Day Ahead price may vary with the source of customer generation at the discretion of CMLP. For example, the Day Ahead price for solar generation will be determined by calculating the average hourly DA price for the calendar month prior to the billing date based on the daytime hours between 9am and 4pm.

**Distribution Charge**

Installed Generation Capacity equal or greater than 2kW but less than 4 kW AC	\$3.60 per month
Installed Generation Capacity equal or greater than 4kW but less than 7 kW AC	\$6.60 per month
Installed Generation Capacity equal or greater than 7kW but less than 10 kW AC	\$10.20 per month
Installed Generation Capacity equal or greater than 10kW but less than 13 kW AC	\$13.80 per month
Installed Generation Capacity equal or greater than 13kW but less than 16 kW AC	\$17.40 per month
Installed Generation Capacity equal or greater than 16kW but less than 19 kW AC	\$21.00 per month
Installed Generation Capacity equal or greater than 19kW but less than 22 kW AC	\$24.60 per month
Installed Generation Capacity equal or greater than 22kW but less than 25 kW AC	\$28.20 per month
Installed Generation Capacity equal or greater than 25kW but less than 28 kW AC	\$31.80 per month
Installed Generation Capacity equal or greater than 28kW but less than 31 kW AC	\$35.40 per month
Installed Generation Capacity equal or greater than 31kW but less than 34 kW AC	\$39.00 per month
Installed Generation Capacity equal or greater than 34kW but less than 37 kW	\$42.60 per month

AC	
Installed Generation Capacity equal or greater than 37kW but less than 40 kW AC	\$46.20 per month

**Terms**

The credit for excess generation will be applied to the customer's bill each month.

**Minimum Charge**

The monthly minimum charge shall be the sum of the Meter Charge, the Distribution Charge and all applicable rate adjustments.

**Effective Date**

This rate schedule is effective for all generation on or after the effective date shown above.

**Interruption of Service**

The CMLP will make reasonable provisions to assure satisfactory and continuous service, but does not guarantee a continuous supply of electric power and energy from the CMLP System facilities and shall not be liable for damage occasioned by interruptions of service or failure to commence delivery caused by acts of God, or the public enemy, or for any cause reasonably beyond the control of the CMLP, including, but not limited to, the failure or breakdown of facilities, floods, fire, strikes, or actions or orders of any agency having jurisdiction in the premises, or for interruptions which are necessary for inspection, repair, or changes in the equipment and facilities of the CMLP or the bulk power supplier(s) to the CMLP System.

The Customer shall notify the CMLP immediately of any defects, troubles or accident which may in any way affect the delivery of electric service by the CMLP from the CMLP System.

**Term of Contract**

Service under this rate schedule is subject to termination at any time upon the CMLP's receipt of written notice from the Customer, subject to the provisions of the Rules and Regulations for Electric Service.
